

RIVKLE® Force controller

With calibration certificate

RIVKLE® force controller FC340 - with calibration certificate:

- To optimise the adjustment of force-controlled mechanical installation tools
- For RIVKLE® NEO P107, NEO B107, NEO B109, B2007, NEO P107, P1007, P2007, P3007, P2007 PN and P3007 PN
- Force measuring range: 3 kN–40 kN
- Tooling not included (to be ordered separately according to the size)

Technical information can be found on the last page.

Article number

28252214800

Head diameter
Overall length
Thread size

Grip range

Defines the range of total thickness of the customers part (even if it consists of more than one layer)

Hole geometry

If round → diameter
If hexagonal → width across flats

Head projection after setting

Variable according to the application (setting load, material substrate, etc.)

Blind side projection after installation

Defines the clearance needed on the blind side (cannot be used for quality control)

Setting stroke

Difference of total length before and after installation

RIVKLE® Nut

RIVKLE® Stud

RIVKLE®
Mandrel*
Customers part
Anvil*
Counter nut
Setting tool

in accordance to chosen RIVKLE®

All technical data refer to the measure mm
